@/Arpro "Cash register (Pos)"

Venice Italy, 22nd July 2016

@/Arpro
designed for
platforms:

[Italian area]

With the
contribution of:

N&R – Venice
N&R – Udine

The solution @/Arpro includes a very simple and efficient management of the cash register, access to cash registers comply with the standards of the program.

A greatly simplified system for issuing receipts, simultaneously the discharge of the articles quantity from the warehouse, with a reduced processing time.

There's an integrated function connects directly to the accounting area, for daily closing and automatic recording movements (relating to sales of the day).

The typical customer is the shop or sale point where it's expected the cash register, which will be connected directly to the computer which has @/Arpro. The workstation will be the computer, the recorder will simply be interpreted as a printer, all the trade statistics of sales (for operator, for article, for product group, ...) will be available in the program.

Please ask at our sales network which are the cash registers currently supported in order to verify the flexibility of the tool that will be extremely easy to use with a touch-screen monitor.
