## @/Arpro CA® “Commercial Area Module”

Florida Region, USA

@/Arpro  
designed for  
platforms:

A very simple solution to compliment the **@/Arpro®** platform for easier management of the business relationship and administration with the customer that you provide services and/or equipment (also rentals) to.

It is connected with the sales management area and a call center to schedule the various activities.

**@/Arpro CA® Commercial Area Module** is an integrative part that plans and tracks your meetings, calls, demos, lunches and emails for every deal, contact and company.

Get a personalized sales to-do list that conveniently syncs with your calendar and mobile devices. Our sales activity tracker keeps you informed about past and future actions for each deal and contact using the built-in sales management tools.

For your convenience, you can also create a quote with all the data using the form provided within the program, by confirming the nominative itself.

Your agent can have a very simple and effective system for managing the data of contacted companies, such as existing customers or possible new ones.

It has date fields for scheduling meetings or calls and with various search condition filters.
